Used 1999 Buick LeSabre Features & Specs | Edmunds

The '76 LeSabre was the only American full-size car with a standard V6 engine, which was Buick's brand-new 3.8-litre (231 CID) V6 engine. The V6 was only offered on the base-level LeSabre and not mentioned in initial 1976 Buick literature issued in September 1975 because the V6 engine was a last-minute addition to the line.

Buick LeSabre - Wikipedia

99 Buick lesabre engine hessitation, bucking, and low idle. MY 99 buick lesabre has been acting as if it is fludding itself out when I press on the accelerator, if i let off, and then accelate again, it acts fine. When I stop, it also acts as if it wants to die. I'm not sure if it's the EGR valve or the injectors.

I have an 99 buick lesabre and the check engine light is flashing. When at a stop light or in idle the car kinda jumps or should I say feels like the engine is sputtering. Then when I apply gas it like jumps harder til at a constant speed but it still feels heavy, is a bit louder and the light is still flashing. The car has approx 86000 mi.
