### Counterpoint In Composition

The term "counterpoint" has been used to designate a voice or even an entire composition. Counterpoint focuses on melodic interaction—only secondarily on the harmonies produced by that interaction. In the words of John Rahn: It is hard to write a beautiful song.

### Counterpoint - Wikipedia

Species Counterpoint is a specific tool used to help teach music students composition techniques. It is different from regular counterpoint because it has a lot more rules and structure. It is only used as a learning tool, and you would not see it used in major compositional works.

### Counterpoint In Music: A Complete Guide | HelloMusicTheory

Composition majors study contemporary composition approaches, analysis, orchestration, harmony, counterpoint, and music history. The composition program prepares a composer to enter the contemporary music field by building strong fundamentals, developing their own individual compositional voice, and interacting with the vibrant and vast contemporary concert music field of today.

Counterpoint, voice-leading. Two-voice counterpoint remains for Schenker the model of strict writing. Free composition is a freer usage of the laws of strict counterpoint. One of the aims of the analysis is to trace how the work remains subject to these laws at the deepest level, despite the freedom taken at subsequent levels.

### Schenkerian analysis - Wikipedia

The Chattanooga Theatre Centre's new Northshore Karass Performing Arts Series continues with a performance by the Counterpoint Trio on Tuesday, June 15, at 7 p.m. in the CTC's intimate Circle Theatre. The trio is comprised of Gordon Inman on clarinet, J.P. Brian-Slack on violin, and Tim Henson-Hinck on piano.

### CTC's Northshore Karass Series Continues June 15 With The ...

musical composition at various levels, I have been repeatedly struck by the dearth of practical information about how music is constructed. There are good texts available on harmony, counterpoint, and orchestration, but the practical principles of musical form, especially from the point of view of the composer, are oddly neglected.
