Installation and mitigation guidelines regarding earthing and cabling, mitigation of external electromagnetic influences, HEMP protection concepts and so on. Examples are IEC TR 61000-5-1, IEC TR 61000-5-2, etc. EMC Product Standards. The EMC Product Standards apply to particular products, such as electric road vehicles or coaxial cables.

EMC Standards | Academy of EMC

A lightning rod (US, AUS) or lightning conductor is a metal rod mounted on a structure and intended to protect the structure from a lightning strike. If lightning hits the structure, it will preferentially strike the rod and be conducted to ground through a wire, instead of passing through the structure, where it could start a fire or cause electrocution.
