1. Military institution is the establishment of the state that oversees the armed services. The Military is the force authorized to use lethal or deadly force and weapons to support the interests of the state and some or all of its citizens. It typically consists of an Army, Navy, Air Force, and in certain countries the Marines and Coast Guard.

Military sociology is a subfield within sociology. It corresponds closely to C. Wright Mills's summons to connect the individual world to broader social structures. Military sociology aims toward the systematic study of the military as a social group rather than as a military organization. This highly specialized sub-discipline examines issues related to service personnel as a distinct group ...
