Logica is an investment advisory firm that relies on rigorous research & education to build thoughtful, risk managed strategies that achieve well-defined objectives. Good managers find alpha. Great managers keep it.

### HOME | Logica

The problem has been shorting the Glamour stocks (1). It is unclear whether Asness realizes the core of his argument for leaning value is really just an excuse to short expensive growth stocks, but it is debatable whether we need a PhD from Chicago to tell us that shorting Glamour worked in 2000 and that it has been a very painful strategy for the last decade.

Offered by Stanford University. This course is an introduction to Logic from a computational perspective. It shows how to encode information in the form of logical sentences; it shows how to reason with information in this form; and it provides an overview of logic technology and its applications - in mathematics, science, engineering, business, law, and so forth.
