Multiliteracies is a term coined in the mid-1990s by the New London Group and is an approach to literacy theory and pedagogy.This approach highlights two key aspects of literacy: linguistic diversity, and multimodal forms of linguistic expression and representation.The term was coined in response to two significant changes in globalized environments: the proliferation of diverse modes of ...

Multiliteracy - Wikipedia

Controversies arise when the richness of literacy is overly simplified by assessments that are not multidimensional or authentic, such as the overuse of multiple-choice questions. Educators may find the lack of authenticity of these assessments frustrating when results do not appear to represent what their students know and can do.

5. Types of Literacy Assessment: Principles, Procedures ...

Multimodal is the combination of two or more of these modes to create meaning. Most of the texts that we use are multimodal, including picture books, text books, graphic novels, films, e-posters, web pages, and oral storytelling as they require different modes to be used to make meaning.
