The Integrated Programme, also known as the "Through-Train Programme" (直通车), is a scheme which allows the most able secondary students in Singapore to bypass "O" levels and take "A" levels, International Baccalaureate or an equivalent examination directly at the age of 18 after six years of secondary education.

### Secondary education in Singapore - Wikipedia

Secondary education covers two phases on the International Standard Classification of Education scale. Level 2 or lower secondary education (less common junior secondary education) is considered the second and final phase of basic education, and level 3 (upper) secondary education is the stage before tertiary education. Every country aims to provide basic education, but the systems and ...
