Trade Secret Rulings May Guide on Disclosure in Litigation. Recent federal court decisions offer important lessons on when identification of a trade secret must occur in litigation, what level of particularity is required, and whether the disclosure can later be amended, even though those issues are far from settled under state or federal law, say Kirkland intellectual property partner Joseph Loy, and associates Elliot Scher and Kyle Friedland, in this article for Law360.

Trade secrets are a type of intellectual property that comprise formulas, practices, processes, designs, instruments, patterns, or compilations of information that have inherent economic value because they are not generally known or readily ascertainable by others, and which the owner takes reasonable measures to keep secret.

Trade secret - Wikipedia

New Practitioner's Guide to Intellectual Property By David R Gerk and John Fleming An accessible reference to the rapidly growing practice area of intellectual property law, this is an invaluable guide to all major areas of intellectual property and the most common aspects of practicing in those areas.

New Practitioner's Guide to Intellectual Property

Trade Secrets Trade Secrets are unlike the other three areas of Intellectual Property in that there is no registration or certificate that the government (or anyone) bestows upon the owner. The rights are actually to get legal damages against someone who takes trade secrets from you, a crime known as misappropriation.
